

BAPTIST IN ANDALUSIA

STATE CONVENTION BEGINS ITS WORK.

Mr. Crumpton Shows What Has Been Done By The Board.

Andalusia, July 20.—The Alabama Baptist State Convention was called to order here today in its eighty-eighth annual session.

The beautiful church house of the First Baptist Church, which has just been completed, and built especially for the convention, was comfortably filled when the convention came to order.

All of the devotional exercises of the convention will be conducted by Professor G. W. Mason, of East Lake, and this fact is sufficient to insure a good attendance at all these services. His subject this morning was "Not By Might Nor Power, But By My Spirit, Saith the Lord."

Dr. Preston Blake, of Birmingham, and Dr. W. B. Crumpton of Montgomery, led a prayer.

Dr. J. M. Frost, of Nashville was called upon by President N. D. Denson to lead in prayer for the blessings of God upon the convention.

The names of delegates were enrolled in accordance with the laws of the constitution.

The following officers were elected: Judge N. D. Denson, Lafayette, was re-elected President; J. P. Ellis, Selma, and C. A. O'Neal, Andalusia, as Vice-Presidents; Rev. W. M. Wood, of Furman was unanimously re-elected as secretary.

The report of the Program Committee was made and amended, then adopted.

MISS BOWDOIN ENTERTAINS

Last evening, at the home of her parents, Miss Nellie Bowdoin entertained in honor of her charming guest, Miss Ruby Kirkpatrick. Delicious punch was served by Miss Jessie Scarbrough and Mr. E. L. Layfield. Instead of playing games they had a most interesting guessing contest, and Miss Kirkpatrick won the prize, a beautiful pair of small scissors. After the contest refreshments were served.

Those present were: Misses Dell, Saxon, Harrison, Reeves, Carter, Malone, Stallings, Lisenby, Collins, Florence, Howell, Venable, Lena and Lela Hurt, Walden, Hill, Clendinen, Mesdames Newton, Cotton, Bonham, Ghent, Saxon, Wilkerson, Garner, Harrison, Harris, Hammond, Dickenson, Newman, Farmer, Steele and Roland.

The Masons went into Panama City yesterday 550 strong. Four hundred and forty went in on the first train which left Dothan at six a. m. and one hundred and ten more got there on the regular morning passenger train.

Mrs. R. T. Ghent returned last night from Montgomery. Troy and other points, where she has been in the interest of Shorter College.

Miss Martin, who has been visiting her sister Mrs. L. S. Deal, has returned to her home, at Ozark.

Store For Rent—One brick store on Main street, the best stand in town, now occupied by the 10c moving picture show. Apply to [unclear].

GLENWOOD WRECK

CARS IN CENTRAL TRAIN ARE OVERTURNED

A Number of Persons Are Injured. Conductor J. R. Jones One of Those Hurt.

Columbus, Ga., July 20.—Central of Georgia passenger train No. 11, that left Columbus at four o'clock this afternoon for Andalusia, Ala., was wrecked at 9:29 o'clock tonight at Glenwood, Ala., 111 miles from this city. The baggage car jumped the track at a point where there was a six foot fill and the second class passenger coaches followed suit, turning over on their side. The engine remained on the rails. A number of passengers were injured, although none were killed. The extent of their injuries is not known but it is stated that they are not very serious.

Conductor J. R. Jones is reported among those injured. The injured were carried to Brantley for surgical attention. A wrecking train has left for the scene.

FIRST REGIMENT MEN IN TOILS OF POLICE

Three members of the 1st Regiment, which is now in camp at Pickett Springs, fell into the toils of the police last night, when, on Court Square, they celebrated their advent into Montgomery with too much clamor.

J. F. Murphy, Herbert Johnson and C. B. Johnson are from Troy, and are said to have been drunk at the time of their disorderly conduct.

Two were held all night at the police station. The third, C. B. Johnson, was released at the solicitation of his commanding officer.

The arrest of the three was accomplished by Cante and Sykes, bicycle policemen, and Patrolman Watson.

Colonel Bricken of the 2nd Regiment has written letters to the officers commanding the companies to which Clark and Shurbert belonged, directing them to discuss the men from the service.

Clark and Shurbert were arrested in Montgomery for stealing a watermelon.

GEORGIA SHERIFF IS ACCUSED OF CRIME

Albany, Ga., July 20.—Sheriff L. H. Glenn of Wilcox County, G. B. McDuffy, marshal of Leary, Ga., and four other men, were arrested today as a result of a bloody fight in a room in a hotel just after midnight.

It is charged that a poker game was in progress and that one of the players, a heavy loser, started a "rough house." The sheriff is charged with assault to murder, kidnapping, carrying concealed weapons and assault and battery on four warrants.

The room in which the alleged game was in progress was bespattered with blood. One pistol shot was fired.

Mr. Martin Luther Newton of Kinsey died last night. He was a young man, about thirty years old. The dreaded white plague, tuberculosis, sapped his life just when he should have been enjoying the vigor of manhood. His family have the sympathy of their friends in their grief.

Mr. and Mrs. C. L. Glesner of Blakely were here yesterday.

HELP TO SHIPPERS

IS COMMERCIAL CLUB'S EXTRACT FROM TARIFF

Which Has Recently Been Issued By the Express Companies.

A new tariff has recently been issued by the Express Companies, which, if properly used, will greatly benefit shippers of small packages.

Learning of the new rates, Secretary Layfield of the Commercial Club has prepared an extract from the new tariff, and is distributing it among the merchants for their information and profit. We print below this valuable communication.

Important to Shippers of Express Packages:

"1. Packages of merchandise or samples thereof (not including jewelry or imitations of jewelry, watch cases, watch movements, silversware, or any sealed packages, except sealed packages of cigars, cut flowers, tobacco tags or premium certificates, live animals, live birds, or packages which contain written matter, either by pen or typewriter, excepting invoices accompanying packages sent C. O. D.), value not exceeding \$10.00, may be forwarded at a rate of one cent per ounce, no charge less than 15 cents per package, charges prepaid.

"2. This rate is applicable only when the value of the package is declared at the time of shipment as not exceeding \$10.00 and charges prepaid.

"3. When such packages pass over the lines of more than one Company, the charges must be divided equally, the delivering Company being entitled to the odd cent, but not less than 10 cents for each Company carrying.

From Southern Express Tariff, Page 11, Section E.

Issued by the Dothan Commercial Club for your information and use. Keep this on file."

CROP PROSPECTS GOOD

At Crosby, Ala.—Many New Buildings Being Erected.

Crosby, Ala., July 20.—(Special Correspondence)—Crops in this section are looking very prosperous. The outlook is for a good yield in corn and cotton.

A good many new buildings are going up here. Among those who are building new houses are Messrs. Green Jordan, N. R. Jordan, P. E. Martin, Leroy Blackford and Theo Strickland.

Mr. J. D. Jernigan has accepted a position with Mr. Willoughby in the saw mill business.

The Marbury Lumber Company's mill, at this place is now running on full time.

Mr. F. B. Pynes recently killed a large rattlesnake near here. It was about four feet long, had seven rattles and a button, and weighed about twelve pounds.

We would appreciate very much letters from our readers all over the county, giving the general news at their places. We will take pleasure in publishing them where the writer signs his name or her name to the communication. We may not give the name of the writer when the letter is published, but we must know who wrote it.

GENERAL SHAKE-UP

IN BIG FERTILIZER CONCERN AT TROY.

Capt. O. C. Wiley, Connected With Company For Several Years Resigns.

Montgomery, July 20.—Reports have reached here of a general shake-up in the management of the Standard Chemical and Oil Company of Troy.

Capt. O. C. Wiley, who has been connected with the concern for several years has tendered his resignation, taking effect immediately. Gus and Guy Owen who also have held prominent positions with the fertilizer works have likewise tendered their letters of withdrawal. All three resignations came as a surprise to those familiar with the business in Troy as no rumors of any changes had been circulated on the street.

The Standard Chemical and Oil Company Works is one of the largest concerns of its kind in central Alabama.

SPEAKING OF POTATOES.

During the next thirty or forty days, two or three hundred bushels of Irish potatoes will be shipped into Dothan from Virginia, and other sections, where they know the value of a potato crop.

These potatoes will bring a dollar a bushel. When the season gets further advanced, and the homegrown potato is consumed, then many more will be shipped in here. The local wholesale grocers would be glad to get potatoes grown by the farmers of this section, but they are not to be had. They are only planted for home use. There are some few shipped from Dothan, but they were shipped at a season of the year when everybody who ever raised any, had plenty. If they had been extra early, or late, they would have brought fancy prices.

Those who have had experience growing potatoes, say that it is a small job to raise 200 bushels to the acre, and if the early variety is grown, the same ground can be followed with a late crop, or the ground can be planted in corn or cotton, thus getting two crops. From that section of South Alabama, about Baldwin county, several hundred cars have been shipped, which brought about a dollar a bushel.

It is a poor reputation to go out from Houston county, that several hundred bushels of Irish potatoes have to be shipped in to feed the Saratoga ship commanders of a town of this size, and especially, at this season of the year.

Last year the farmers were brown into a good deal of excitement over the prospects of making some money from cantaloupe culture. They got left, not because they didn't make the melons, but they got mixed up with the wrong parties at the other end of the line. This year, not enough cantaloupes were grown around here for Sunday consumption, and just across the river, in Georgia, we hear of men making a guano sack full of money from cantaloupes. This year, having found the right place to sell.

But you take a crop of potatoes, and they are bound to sell all the time, and at a fair price. The people are going to have their potatoes, just like they do their meat, and their bread, and their coffee.

HIGH GULF WIND

FORCES STEAMER TO SEEK SHELTER.

Storm Delays Loading of Boats in the Harbor at Pensacola.

Pensacola, July 20.—The steamer Morgan, plying between New Orleans and Tampa, put into port this afternoon from the gulf on account of the high winds and heavy seas against which the vessel had steamed all night, making but little progress.

As the wind seemed to be constantly increasing in velocity, the master decided the safest course would be to put into a harbor. The vessel went into a safe place in the harbor and dropped anchor where she will remain until the weather becomes settled. Throughout the day a strong wind has been blowing from the south west and the bay was so rough that men could not work loading timber on vessels moored out from the wharves. Small boats sought their moorings and were tied up safely for fear the velocity of the wind might increase.

Miss Frankie Wood, who has been visiting Miss Mattie Crawford and Miss Frankie Howell, of this city, returned to her home in Abbeville today.

Mrs. Mattie Ainsley of Coffee Springs, is visiting her niece Mrs. Geo. Cotton.

ROTTENNESS OF "THE FOUR HUNDRED"

The discoveries made by the proceedings in the Gould divorce case apprise a disgusted public of the moral filthiness of the society of Four-hundred of New York. Drunkenness and other forms of vice are as common among those people as among the negroes on a fruit farm in Hayti. They seem to have nothing to

do but to spend money and devise ways and means to excite and gratify their overworked passions and appetites. It is a great misfortune that the decent people of America cannot be relieved from the necessity of reading the accounts of the doing of this set of opulent dunces and social parasites. If they must have their entertainment, let them go to the theatre and hear the

clear the court room and suffer only the officers of the court to hear its filthy detail. The ruling millions of America have been robbed and plundered; that these social parasites might kill in luxury and waller in vice and now they are insulted by publishing in the minutest detail every striking incident connected with their dirty lives. The issue
